題目	The policy of reporting students' class ranking should be abolished: Agree or disagree? (2018)
立場	Agree
論點	The policy imposes unnecessary pressure on students and exploits their potential in other aspects

下品作答範例

The policy imposes unnecessary pressure on students and exploits their potential in other aspects. With the policy of reporting class position, students must spend most of their spare time studying for examinations. Otherwise, they might be punished by teachers and parents for not getting a high rank in class. Therefore, they lack time to develop their real interests and waste their potential.

點評：論點邏輯清晰並貼題，而且沒有嚴重的 grammatical mistakes，加上用字恰當。然而，此答案於 Content 仍然只能取得低分數，因為拓展不足，一個段落只有大概 60 字，令考官覺得考生能力不足以表達真正意思，且論述欠缺說服力。

元素	思考過程	句子
主題句	排名制 → 學生學業壓力大 → 忽略其他方面發展	Among all the reasons why the policy should be abolished, the most prominent one is that it imposes unnecessary pressure on students and exploits their potential in other aspects.
原因	為什麼學生會有過大的壓力，忽略其他方面的發展？因為他們想要滿足家長和老師的期望。而在有排名制度的情況下，在考試中取得好成績，是最容易滿足家長和老師期望的方法。	With the policy of reporting class position, in order to gain a sense of superiority and to impress parents and teachers, what's the simplest way to do so? Of course, it is to pass exams with flying colors so they can show off in front of others!
原因的原因	為什麼在考試中取得好成績就可以取悅家長和老師？ → 因為排名制度的出現，排名成為了量度學生成功的唯一指標	Apparently, class position has become the single measure for one's success and students are constantly under an immense pressure.
原因的原因的原因	再向前推一步，為什麼他們這麼想滿足家長和老師的期望？ → 因為他們正值青春期的，因此特別在意其他人對自己的看法	Adolescents during puberty particularly care about how others view them, and they need to gain recognition from people around them.
影響	如果無法滿足家長和老師的期望，會發生什麼事情？	When academic results are highly valued, students are often

	→ 就是會被認為是失敗者	considered 'losers' if their academic results cannot live up to the expectation of parents and teachers.
影響的影響	學生為了不在排名制度下被認為是失敗者，會怎麼做？ → 過分重視成績，剩下很少個人時間探索自己真的熱愛的事情	In this way, students might attach inordinate importance to scores. It in turn leaves them with little time to explore activities that they are truly enthusiastic about.
例子	設例：就算本身喜歡畫畫、跳舞，都寧可把所有時間用作溫習考試	For example, even when a student is extremely talented in painting or dancing, she may give up these hobbies so as to devote all her time to revision.
解釋例子	把例子概括化，指出學生寧可追求高名次來取悅他人，都不願意追求自己真正喜歡或有潛能的事情	Instead of pursuing what they are genuinely passionate about and potentially talented in, students are more likely to chase after a high ranking in class to please people around them.
最終影響/ 小總結	不願意追求自己真正喜歡或有潛能的事情，有什麼影響？就是壓力過大，令他們的潛能受到壓抑 → 呼應主題句	Given the tremendous pressure brought by the class ranking system and little time to explore their real interests, the policy is hindering students from unleashing their potential.
